**Subject: Review of Supplemental Environmental Project (SEP) Investigation Plan
Knapheide Manufacturing Company, West Quincy, Missouri
Work Assignment No. R07001, EPA Contract No. 68-W4-0004**

Dear Mr. McCullers:

PRC Environmental Management, Inc. (PRC), has reviewed the above-referenced document, dated May 5, 1995, to ensure its compliance with Paragraph 3 of the First Modification to Consolidated Consent Agreement and Consent Order (CA/CO), dated March 8, 1995. PRC has found that the SEP investigation plan contains all the necessary elements described in the First Modification to the CA/CO. The schedule and budget presented in the SEP investigation plan to perform the SEP investigation and to write the SEP report appear reasonable considering the scope of work. PRC recommends approval of the SEP investigation plan.

If you have any questions or comments, please call me at (913) 573-1826.

Sincerely,

Patrick Splichal
Environmental Scientist
